

THE REFERRAL PATHWAY for HEALTH STAFF DEALING WITH CHILD WELFARE CONCERNS

HEALTH PRACTITIONER HAS CONCERNS ABOUT A CHILD'S WELFARE

If the concerns are about a child in need AND the practitioner has undertaken training then: follow the Common Assessment Framework (CAF) Process.
Where there are concerns that a child may be suffering significant harm then a referral MUST always be made to Children's Social Care

ADDRESS CONCERNS WITH PARENT/ CHILD /CARER AND SEEK THEIR CONSENT TO MAKE A REFERRAL TO CHILDREN'S SOCIAL CARE SERVICES

(Unless to do so would place the child /young person at risk of significant harm)

N.B. Where a parent / carer refuses consent for the referral to be made the practitioner should make a judgement as to whether to make the referral anyway and should record the grounds for dispensing with consent

IF STILL CONCERNED, MAKE A REFERRAL TO CHILDREN'S SOCIAL CARE SERVICES / POLICE (where appropriate) IN THE AREA IN WHICH THE CHILD IS LIVING – see local details overleaf.
FOLLOW UP VERBAL REFERRALS IN WRITING WITHIN 48 HOURS – Referral forms available on the Safeguarding Children intranet page

HULL
